AMPLIFY YOUR IMPACT: IMPACT INVESTING

National Philanthropic Trust donors are continually looking for innovative ways to make a positive difference with their charitable gifts, and many are increasingly turning to impact investments. Impact investing's double bottom-line means philanthropists can generate both a social and financial return with their donor-advised fund assets. We invite you to learn more about NPT's impact investment offering and join us in maximizing your impact around the country and the world.

ETF Impact Investment Offerings

NPT offers exchange-traded funds (ETFs) that address a range of social and environmental issue areas. Some actively consider environmental and social factors in their selection of stocks (SHE, CRBN, MPCT), while others positively weight companies that perform well on Environmental, Social, and Governance (ESG) factors (SUSA, ESGD, DSI).

FUND NAME	TICKER	IMPACT AREA
iShares MSCI USA ESG Select	SUSA	Environmental, Social and Governance (ESG), excluding tobacco, among U.S. companies
SPDR® State Street Global Advisors Gender Diversity Index ETF	SHE	Gender diversity among U.S. companies
iShares MSCI EAFE ESG Select ETF	ESGD	Environmental, Social and Governance (ESG) among companies in Europe, Australia, Asia and the Far East
iShares MSCI ACWI Low Carbon Target ETF	CRBN	Carbon exposure among global companies
iShares Sustainable MSCI Global Impact	MPCT	U.N. Sustainable Goals among global companies
iShares MSCI KLD 400 Social ETF	DSI	Environmental, Social and Governance (ESG) among U.S. companies

Impact Notes Offerings

NPT also offers four impact notes, which allow donors to select from a range of maturity dates, minimum dollar thresholds and themes. For example, donors can invest in a 3-month note that focuses on food and agriculture, or a 2-year note that focuses on affordable housing. For more information about these impact investment vehicles, please reference the Impact Notes Allocation Form.
