*Your partner in giving*

## Contributions at Your Convenience

**NATIONAL PHILANTHROPIC TRUST** is proud to announce that you can now contribute to your donor-advised fund (DAF) using a credit card. You can add funds to this powerful charitable giving vehicle immediately, at any hour of the day, from your computer or mobile device.

It's easier and faster than ever to make contributions of up to \$99,999 directly to your DAF. Here's how:

- Log in to the online donor portal
- Look for the button on the right that reads "Submit a Credit Card Contribution"
- Click to access our secure, encrypted contribution page
- Complete the online form to make your contribution

Once your contribution is made:

- NPT will issue a gift receipt for the full amount of your contribution\*
- We'll invest your contribution based on your allocation selections
- The funds will soon be available to grant to your favorite charities

At NPT, we are constantly striving to simplify your philanthropy and maximize your impact. Thank you for making us your partner in giving.

\* NPT will generate a gift receipt after successful submission for the full amount of the contribution. A 3% processing fee will be charged for all credit card transactions, and the donor-advised fund will receive the amount of the contribution less the 3% fee.

NPT will not offer refunds of amounts received via credit card for any reason.
